MANUFACTURER OF FASTENING SUPPORTS

Magnetic

26lb Magnetic Camera Mounting Kit

Exceptionally strong, versatile solution for quickly mounting security cameras and other equipment to any ferromagnetic surface

Features:

- Exceptional strength neodymium magnet secures almost any security camera onto any ferromagnetic surface
- Protective steel cup directs magnetic field upwards increasing its magnetic pull force
- Compatible with most security cameras and other similar mounted equipment
- Zinc-plated cup eliminates the possibility of EMI/RFI
- Magnet will not interfere with ethernet or Wi-Fi signal
- Sticks through oil, grease, and dirt
- Provides the flexibility to be reused and repositioned when needed
- Easy, fast installation saves time and labor; no drilling required
- Includes 3x 26lb neodymium magnets and mounting hardware

Application:

- Mounting of security cameras or other networking apparatus to metal surface

Installation:

- Fasten magnets to camera base using included hardware
- Attach magnets to steel beams, metal joists, struts, and other ferromagnetic surfaces

Specifications:

- Size: 19mm x 4.5mm
- Mounting Hole: 5mm
- Grade: N45M
- Magnet Plating: NiCuNi
- Temperature Tolerance: -40°F - 212°F (-40°C - 100°C)
- Cup: Zinc-plated steel

Part Numbers

Part #	Description	Box Qty	12-digit UPC
W3MAG26-2T	Magnetic Camera Mounting Kit, 26 lb, 10-32 Thread	10	811443035289

- | High-quality, compact neodymium magnet with amazingly strong adhesive force |
- | Robust and flexible mounting option for security cameras |
- | The steel pot increases the force of the magnet giving it an incredible hold for its size |
- | Gain time and save money in addition to ease and safety enhancements by applying magnets to your application |
- | Use for permanent or temporary installations |

The WinnieMAG Magnetic Camera Mount provides a versatile mounting solution for demanding environments using powerful, neodymium magnets. The Magnetic Mounting Kit is universally compatible, fitting most security camera and other ceiling or wall mounted apparatus. The camera mount securely grips to steel beams, metal joists, strut and other ferromagnetic surfaces.
