

Beam Clamp

Z Purlin Hammer on Beam Clamp for Angled Flange (1/16"-1/4")

Provides a mounting base for securely and easily fastening cable management hardware to a Z purlin

Features:

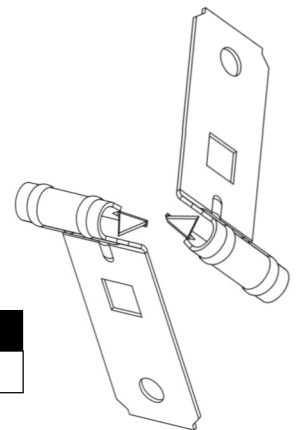

- Manufactured from spring steel with black epoxy coating
- Designed to fit angled flanges 1/16" to 1/4" thick
- Use with a multitude of cable management hardware
- 1/4" mounting hole on bottom of clip

Application:

- Provides base support to support bolting straps, hooks, jack chains, or ceiling wire from Z purlins
- Used to suspend building services installations including cable tray, pipework, HVAC systems and lighting

Installation:

- Attaches to beam flange 1/16" to 1/4" thick
- Secure to angled flange using hammer
