

Winnie Industries

MANUFACTURER OF FASTENING SUPPORTS

Bridle Ring

Bridle Ring with 1/4-20 Thread, Black

Color-coded cable management solution for voice, data, low voltage or video cabling pathway applications

Features:

- Crafted from heavy-duty, zinc plated steel which allows for great durability & corrosion resistance
- Designed with open loop for quick & easy cable installation
- Available in 1.25", 2" and 4" ring diameter
- Supports identification and organization of pathway applications optimizing streamlined cable management in diverse installations
- Sleek black bridle ring design aesthetically blends with dark open ceilings
- Creates a distribution pathway for category cable, PoE, low-voltage, coax, signal & control cable, electrical wire up to 600V, innerduct and flexible conduit & tubing
- Provides excellent support for CAT3, CAT5e, CAT6, CAT6E, CAT6A and fiber optic cables
- Quick & easy installation without specialized tools or equipment
- 1/4-20 machine threaded for compatibility with beam clamps and various positioning devices
- Supports up to 50lbs

Application:

- Provides support in the distribution of wire & cable bundles
 - Network/Data Category Cable
 - Telcom/Voice Wire
 - Broadband, Satellite, CCTV
 - Low Voltage/Security/Fire Alarm
 - Nurse Call Cable
 - Signal & Control Tray Cable
 - Electrical Wire under 600V

Installation:

- Fastens to any 1/4"-20 threaded clamp, anchor or positioning hardware for installation to structural component
- Use for horizontal or vertical cable runs

Bridle Ring

Part Numbers

Part #	Description	Box Qty	UPC
WBR4T125BK	1-1/4" Bridle Ring, 1/4-20 Thread, Black	50	811443034411
WBR4T200BK	2" Bridle Ring, 1/4-20 Thread, Black	50	811443034428
WBR4T400BK	4" Bridle Ring, 1/4-20 Thread, Black	50	811443034435

- | Fully versatile solution that can be combined with different hanging fasteners and support brackets |
- | Fast and cost-effective way to support category, voice, security, fire alarm and video cable |
- | Aesthetically matches its surroundings - the hardware is not seen while reliably supporting the cabling infrastructure |
- | Great low-cost alternative to j hook or cable tray |
- | Can be used on walls or ceilings, making them ideal for multi-directional cable runs |
- | Ready to use out of the box, saving not only installation time but labor cost |
- | Available with saddle for high-performance category cable & fiber which ensures proper bend |
- | Non-continuous supports may not exceed spacing of 5' per TIA 569-C.9.7 |
