Bridle Ring

Bridle Ring with 1/4-20 Thread, White

Color-coded cable management solution for voice, data, low voltage or video cabling pathway applications

Features:

- Crafted from heavy-duty, zinc plated steel which allows for great durability & corrosion resistance
- Designed with open loop for quick & easy cable installation
- Available in 1.25" and 2" ring diameter
- Supports identification and organization of pathway applications optimizing streamlined cable management in diverse installations
- Modern white design aesthetically blends with light-colored open ceilings
- Creates a distribution pathway for category cable, PoE, low-voltage, coax, signal & control cable, electrical wire up to 600V, innerduct and flexible conduit & tubing
- Provides excellent support for CAT3, CAT5e, CAT6, CAT6E, CAT6A and fiber optic cables
- Quick & easy installation without specialized tools or equipment
- 1/4-20 machine threaded for compatibility with beam clamps and various positioning devices
- Supports up to 50lbs

Application:

- Provides support in the distribution of wire & cable bundles
  - Network/Data Category Cable
  - Telcom/Voice Wire
  - Broadband, Satellite, CCTV
  - Low Voltage/Security/Fire Alarm
  - Nurse Call Cable
  - Signal & Control Tray Cable
  - Electrical Wire under 600V

Installation:

- Fastens to any 1/4"-20 threaded clamp, anchor or positioning hardware for installation to structural component
- Use for horizontal or vertical cable runs

RoHS COMPLIANT

Bridle Ring

Part Numbers

Part #	Description	Box Qty	UPC
WBR4T125WH	1-1/4" Bridle Ring, 1/4-20 Thread, White	50	811443034442
WBR4T200WH	2" Bridle Ring, 1/4-20 Thread, White	50	811443034459

|Fully versatile solution that can be combined with different hanging fasteners and support brackets|
|Fast and cost-effective way to support category, voice, security, fire alarm and video cable|
|Aesthetically matches its surroundings - the hardware is not seen while reliably supporting the cabling infrastructure|
|Great low-cost alternative to j hook or cable tray|
|Can be used on walls or ceilings, making them ideal for multi-directional cable runs|
|Ready to use out of the box, saving not only installation time but labor cost|
|Available with saddle for high-performance category cable & fiber which ensures proper bend|
|Non-continuous supports may not exceed spacing of 5' per TIA 569-C.9.7|
