

Winnie Industries

MANUFACTURER OF FASTENING SUPPORTS

Bridle Ring

1-1/4" Wood Screw Bridle Ring, Red

Fast and cost-effective alternative cable management solution for voice, data, low voltage or video cabling pathway applications

Features:

- Crafted from heavy-duty, zinc plated steel which allows for great durability & corrosion resistance
- Designed with open loop for quick & easy cable installation
- Available in 1.25" and 2" ring diameter with 1.5" stem
- Supports identification and organization of pathway applications optimizing streamlined cable management in diverse installations
- Vibrant red bridle ring design makes them ideal for the identification of dedicated fire circuits
- Creates a distribution pathway for category cable, PoE, low-voltage, coax, signal & control cable, electrical wire up to 600V, innerduct and flexible conduit & tubing
- Provides excellent support for CAT3, CAT5e, CAT6, CAT6E, CAT6A and fiber optic cables
- Quick & easy installation without specialized tools or equipment
- Wood screw thread designed for direct installation into wood structures
- Perfect for use when upgrading historic wooden buildings to meet modern standards
- Supports up to 50lbs

Application:

- Provides support in the distribution of wire & cable bundles
 - Network/Data Category Cable
 - Telcom/Voice Wire
 - Broadband, Satellite, CCTV
 - Fire Alarm/Low Voltage/Security
 - Signal & Control Tray Cable
 - Electrical Wire under 600V

Installation:

- Drives directly into wooden beams, ceiling joists, backboards and studs
- Used for horizontal or vertical cable runs

Bridle Ring

Part Numbers

Part #	Description	Box Qty	UPC
WBR125WSRD	1-1/4" Bridle Ring, Wood Screw Thread, Red	50	811443033773
WBR200WSRD	2" Bridle Ring, Wood Screw Thread, Red	50	811443033780

- | Drives directly into wood with no tools, clamps, or fasteners necessary |
- | Fast and cost-effective way to support category, voice, security, fire alarm and video cable |
- | Prioritizes visibility, providing reliable cable support while clearly delineating dedicated infrastructure |
- | Great low-cost alternative to j hook or cable tray |
- | Can be used on walls or ceilings, making them ideal for multi-directional cable runs |
- | Ready to use out of the box, saving not only installation time but labor cost |
- | Available with saddle for high-performance category cable & fiber which ensures proper bend |
- | Non-continuous supports may not exceed spacing of 5' per TIA 569-C.9.7 |
