Magnetic

Magnetic Circuit Board Standoff Kit

Amazingly strong, versatile solution for quickly mounting boards & accessories in any metal enclosure or backplane

Features:

- Amazing strength neodymium rare earth magnet provides a secure hold onto any ferromagnetic surface
- Protective steel cup directs magnetic field upwards increasing its magnetic pull force
- Zinc-plated cup eliminates the possibility of EMI/RFI
- Magnet will not interfere with ethernet or Wi-Fi signal
- Provides the flexibility to be reused and repositioned when needed
- Easy, fast installation saves time and labor; no drilling required
- Includes 5/8" screws and spacers

Application:

- Mounting of power supplies, distribution boards, access controllers and accessories in metal enclosure or backplane

Installation:

- Attaches to metal enclosure, backplane and other ferromagnetic surfaces

Specifications:

- Size: 19mm x 4.5mm
- Mounting Hole: 5mm
- Grade: N45M
- Magnet Plating: NiCuNi
- Temperature Tolerance: -40°F - 212°F (-40°C - 100°C)
- Cup: Zinc-plated steel

WMAG16PCB -4	16lb Magnetic Circuit Board Standoff Kit, 4pk	10	811443035166
WMAG16PCB-8	16lb Magnetic Circuit Board Standoff Kit, 8pk	10	811443035173
WMAG16PCB-12	16lb Magnetic Circuit Board Standoff Kit, 12pk	10	811443035180
WMAG16PCB-24	16lb Magnetic Circuit Board Standoff Kit, 24pk	10	811443035197

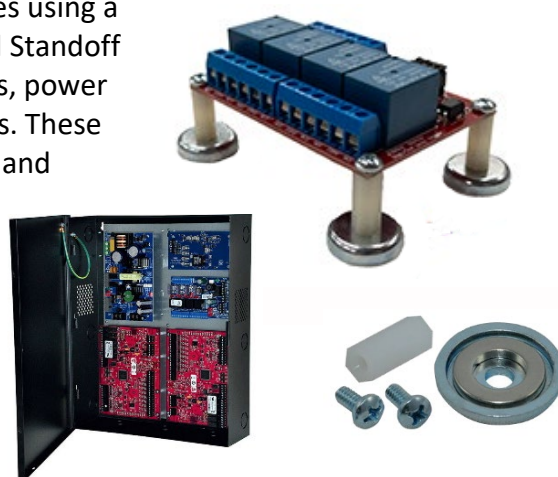

- | High-quality, compact neodymium magnet with amazingly strong adhesive force |
- | Counterbored mounting hole to recess a screw or rivet head to add a variety of brackets, hooks or other holding component |
- | The steel pot increases the force of the magnet giving it an incredible hold for its size |
- | Gain time and save money in addition to ease and safety enhancements by applying magnets to your application |
- | Ideal for creating modular or reconfigurable setups |

The WinnieMAG Magnetic Circuit Board Standoff Kit provides a versatile mounting solution for control boards & accessories using a powerful, neodymium magnet. The Magnetic Circuit Board Standoff Kit can be used to mount alarm panels, other circuit boards, power supplies, accessories, or other small electronic components. These standoff kits securely grip to metal enclosures, backplanes and other ferromagnetic surfaces.
