

Winnie Industries
MANUFACTURER OF FASTENING SUPPORTS

Reference Guide

Electrical Junction Box

■ Eliminate offsets

Straight conduit entry removes the need for bends or offsets, simplifying layout and saving labor

■ Extra capacity

Extra-deep design provides ample space for large devices and simplifies splitting conductor runs inside the box

■ Easier wire pulls

Inline layout and spacious interior make wire pulls smoother and less strenuous during installation

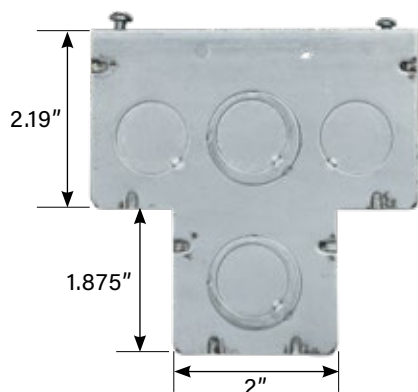

Innovative junction box with straight conduit entry, extra-deep capacity, durable steel design, and flexible knockouts for faster, reliable installations

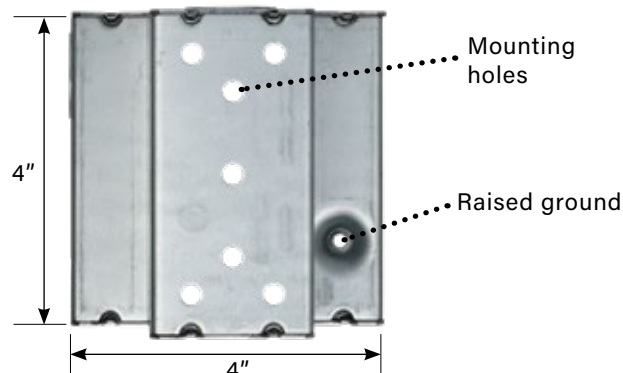

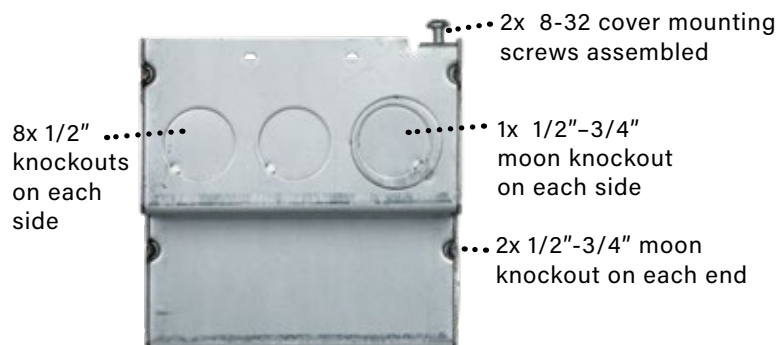

T Box™ Electrical Junction Box **Engineered for straight conduit entry—streamlining installs and reducing strain**

- Welded pre-galvanized steel construction for strength, durability, and corrosion resistance
- Eliminate conduit bends and offsets for faster prefab layouts
- Double gang design for two-device configurations
- Compatible with conduit, MC cable, or NM cable when used with appropriate fittings
- Suitable for use without a bonding jumper in circuits up to 600 volts
- Tested in accordance with UL 514-A and CSA C22.2 No. 18.1 standards for metallic outlet boxes

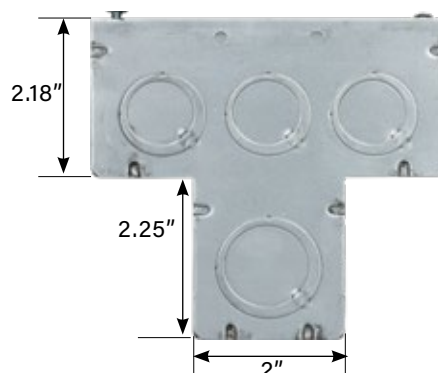

4" T Box

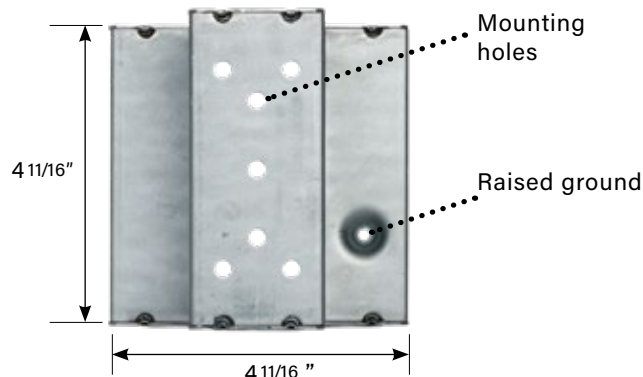

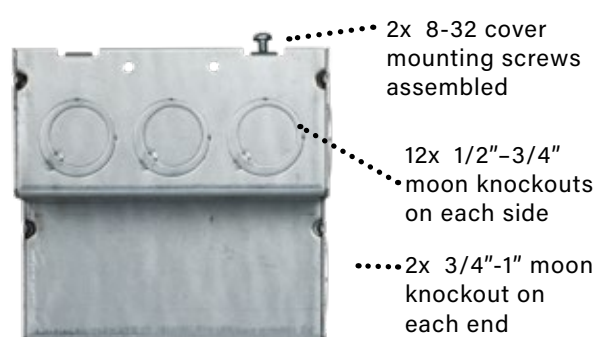

43 cu.in. capacity

4-11/16" T Box

60 cu.in. capacity

	Description	Part #	Unit Pkg
	T Box™ 4" Square Electrical Junction Box	WTBOX232	20
	T Box™ 4" Square Electrical Junction Box, Red	WTBOX232RD	20
	T Box™ 4" Square Electrical Junction Box with Bracket, W812M Conduit Clip	WTBOX232-812 WTBOX232-CBS (w/o clamps)	10
	4" T Box™ Square Metal Cover	WTBOX232CVR	50
	T Box™ 4-11/16" Square Electrical Junction Box	WTBOX257	10
	T Box™ 4-11/16" Square Electrical Junction Box, Red	WTBOX257RD	10

	Description	Part #	Unit Pkg
	T Box™ 4-11/16" Square Electrical Junction Box with Bracket, W16M Conduit Clip	WTBOX257-16M WTBOX257-CBS (w/o clamps)	10
	4-11/16" T Box™ Metal Cover	WTBOX257CVR	50
	4-11/16" T Box™ Square Single-Gang Device Cover, 1/2" Raised	WTBOX2571DV	50
	4-11/16" T Box™ Square Double-Gang Device Cover, 1/2" Raised	WTBOX2572DV	50
	T Box™ Conduit Box Support Bracket	WCBS	50

Patent US D1,022,919 S, US 2025024688 A1

Available in vibrant red—easily identify and isolate dedicated life safety circuits

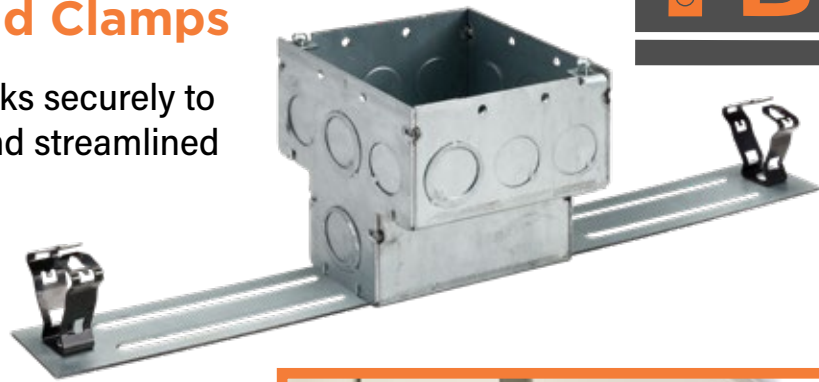

The T Box™—built for electrical and low-voltage applications, simplifying conduit runs and ensuring dependable circuits

T Box™ with Bracket and Clamps

Attached bracket and clamps—locks securely to conduit for strength, alignment, and streamlined installation

■ Reduce installation time and labor cost

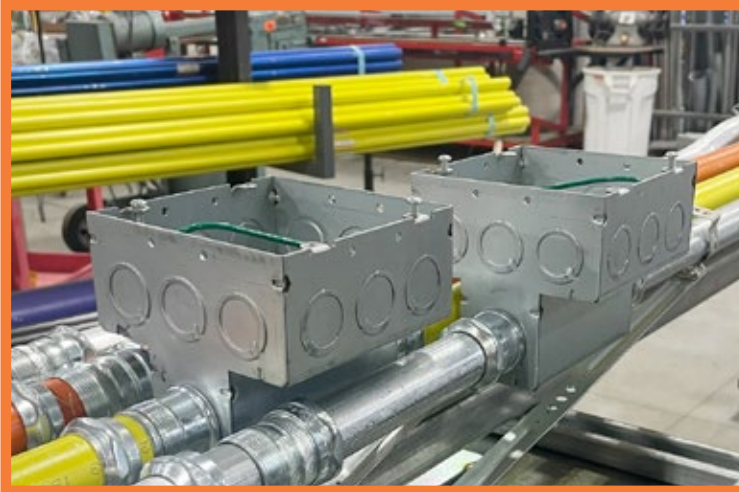

Patented inline design speeds conduit entry and wiring, cutting overall install hours and project expense

■ Built for demanding industrial applications

Extra-deep capacity and rugged steel construction ensure reliable performance in complex commercial and industrial wiring setups

■ Designed for both field and prefab installs

Extra-deep Flexible design supports field installation or prefab assembly, reducing project delays and adapting to contractor workflow

More Capacity, Less Cost
